Unusual design

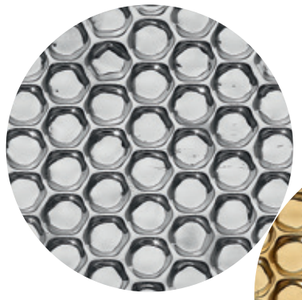

La creatività non ha nè limiti nè confini e l'ispirazione può nascere da qualsiasi cosa. Anche da un imballo! Chi non ha mai provato a far scoppiare le simpatiche bolle del pluriball? Eccolo! Questo è lo spunto progettuale: creare, da un oggetto che dopo l'uso viene eliminato, un oggetto di arredamento e di design.
Non provate però a fare scoppiare queste bolle!!!
Imola si concentra su questo obiettivo per mettere a punto il design di un nuovo prodotto da rivestimento in bicottura, nel formato 7,5x30 cm.

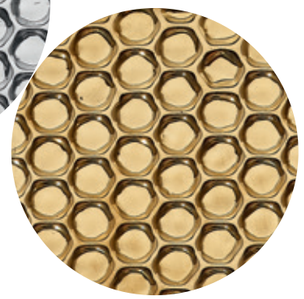

PLATINUM

GOLD

There is no limit to creativity and inspiration can stem from anything. Even packaging! Who hasn't tried popping those fun bubbles in bubble wrap? So, eureka! That's the idea behind this collection: to create a decorative design element from something that is usually discarded after use.
But don't try and burst these bubbles!!!
This was the goal Imola focused on when developing the design for this new, 7.5x30 cm format, double-fired wall tile.
